How to book your florist: a step-by-step guide

Step 1

First things first, let us know the essentials:

- the **date** of your wedding
- your **venue** for your ceremony and reception
- a **colour scheme** if decided
- a **brief outline** of what you are looking for i.e. bride's bouquet, bridesmaids, flower girl, buttonholes, table arrangements and any additional designs such as church flowers etc...
- **budget** if known

Step 2

Book a consultation.

Step 3

See our other downloadable PDFs for ideas on what to bring to your consultation.

Step 4

Following your consultation, you will receive a fully itemised quotation with our terms and conditions attached. If you are happy to go ahead, you'll need to secure the date by paying the deposit (this is especially important in prime wedding season and at Bank Holiday weekends). We'd recommend doing this quite quickly as we hate to disappoint as key dates become booked very quickly.

Step 5

Sit back, start pinning, and get excited, knowing that your wedding flowers are safely in hand!
